

A background graphic on the left side of the slide showing a network of interconnected nodes and lines, with some nodes containing person icons.

CONNECTED IN THE CHANNEL

*Extending your capabilities,
expanding your reach, and
delivering value together.*

Partners Expect More

Today's customers require deeper expertise, faster responses, and broader coverage than any one team can deliver alone. OneSource helps partner organizations expand their capabilities without adding headcount or overhead.

Service Extensions

Your Team, Augmented by Ours

We seamlessly integrate with your delivery model to support your customers with enterprise-grade network services.

- Pre-sales support and solution design
- Installation, deployment, and staging
- Private cellular, Wi-Fi, SD-WAN, and structured cabling
- Global coverage for international projects

Flexible Engagement Models

Work the Way you Want

We support your business in visible or behind-the-scenes roles.

- White-label field services
- Co-branded deployments
- Full subcontracting
- Remote or onsite support

Partner Ecosystem Services

A Trusted Extension of Your Delivery Team

Whether you need technical depth, geographic coverage, or additional capacity, OneSource helps you deliver more value across your portfolio.

- Certified private 5G and enterprise Wi-Fi specialists
- Staging, shipping, and logistics from our U.S. & EU facilities
- Secure configuration and ongoing monitoring

Why OneSource?

Preferred Partner in the Connectivity Ecosystem

With decades of experience supporting OEMs, VARs, MSPs, carriers, and system integrators, OneSource enables partners to scale quickly and deliver consistent, high-quality outcomes.

- Industry-certified technicians
- Proven track record with partner-to-partner delivery
- Scalable teams for any project size
- Backed by 24/7 support and monitoring
- Gold Standard HSSE Program
